DETAILED ACTION

1. Claims 1-21 are pending in this application and have been examined.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

IN THE SPECIFICATION

On page 1, the final line of the section entitled "Related Applications" is amended to read:

Machines," now US Patent 6,609,203, which is hereby incorporated by reference in its entirety.

Allowable Subject Matter

3. Claims 1-21 are allowed.

4. The following is an examiner's statement of reasons for allowance:

The closest prior art in the field, Smith, US 5,815,484, Vasic, 5,963,536, Yoshinaga, US 5,727,650, and Stellato, "Report on The Pacific Rim Conference on Lasers and Electro-optical Devices (CLEO/Pacific Rim '97) Chiba, Japan, United States Army Research Office: Far East, do not teach the combination of features found in the independent claim of; generating a user machine signature based on machine-unique information; causing the user machine to scan the obscurable section of an optically readable memory where the obscurable section comprises a photoreactive mask layer, determining whether an existing signature is present in the obscurable section, and if no existing signature is present in the section, causing the user machine signature to be written in the section by selectively irradiating it with light of the same wavelength used to read the memory, thereby selectively altering the detected optical properties of the memory in the section; and if an existing signature is present in the obscurable section, causing the user machine to compare the existing signature to the generated signature, and providing user information to the user machine if the existing signature matches the generated signature, and denying the user machine access to the user information if the existing signature does not match the generated signature.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
